

Adëeva™ Products

All-In-One Multi-Vitamin & Mineral

High Potency - B-50 complex, antioxidant enriched & 500 mg calcium

Nature's Essential Oils

Optimal blend of Omega essential fatty acids

Glucosamine Joint Formula

Fast-acting formula for Osteoarthritis and joint cartilage damage

Nature's Relief

Natural anti-inflammatory for joints, muscles and bursitis

Women's Hormonal Balance

Relief of Menopause symptoms, PMS, fibrocystic breast disease

Bone Support Formula

Prevention and Management of Osteoporosis

Prostate 40 Plus

Prevents/Reverses Prostate enlargement and supports prostate health

Body Burn

Fat Metabolizer for weight loss, athletic performance and blood sugar control

Immuno-Detox Prime

Strengthens the immune and detox systems

Flora-Essentials

Improves digestion and immune function

Cardio Essentials

CoQ10 and Hawthorn for heart health and blood pressure regulation

Thyro-Support Formula

Supports thyroid function and thyroid hormone therapy

Memory Support Complex

Supports memory and helps prevent age-related memory loss

SensaGen

Sexual enhancement for men and women

CholesterEx

Lowers cholesterol and triglycerides

UT-Clear

Prevents recurrence of urinary tract infections

Sleep-E Naturals

Natural sleep agent with brain protective nutrients

Ultimate Glutathione

Increase levels of glutathione for liver, kidney and immune support

MigranEx

Helps to reduce migraine attacks

Adrenal Support Formula

Anti-stress formula and adrenal support

Nature's Iron

High potency and bioavailable iron (45 mg) - non constipating

Orega Sept

Nature's antibiotic to help fight infections, acne and rosacea

Lean Mass Plus

High quality whey protein and fibre shake

Clinical Weight Loss Kit

Dr. Meschino's complete weight loss coaching system

Essential H.A.

Topical formula to reverse wrinkles, crows feet and fine lines

Stone Factors

For treatment and prevention of kidney and gallbladder stones

Creatine Plus

Powder-stir into juice for increased energy, strength, power

Adëeva Nutritionals Canada Inc.

Body Burn

The Natural Choice of
Healthcare Professionals since 1996

Body Burn

With 3 proven natural agents for weight loss, glucose balance and athletic performance. Stimulant-free (no ephedra or stimulant effects).

The challenge for those individuals looking to burn fat at a much faster rate, often results from insulin resistance. Overweight subjects typically secrete higher amounts of insulin after a meal to help the cells in our body extract sugar (glucose) from the bloodstream. Secreting higher amounts of insulin unfortunately promotes the conversion of carbohydrates into fat, as well as inhibiting the release of fat from fat cells, locking fat inside the body's fat tissues.

In recent years, science has discovered that supplementation with specific nutrients can help the body overcome this obstacle to fat-burning, especially when combined with a proper diet (low fat/low glycemic) and regular endurance exercise. Three most important nutrients shown to be fat metabolizers include chromium, hydroxycitric acid and catechins from decaffeinated green tea.

Body Burn Contains All Three Fat Metabolizing Agents

Body Burn is an effective supplement that helps individuals burn excess fat, gain lean mass, and overcome the genetic block to fat resistance. Body Burn is Ephedra-free and contains no central nervous system stimulants, making it a safe alternative to other fat burners. Body Burn contains the fat-burning trio of Chromium, Hydroxycitric acid and Catechins (from decaffeinated green tea), at the exact dosages proven to reduce body fat in human clinical studies.

Chromium is known to increase sensitivity of insulin receptors, helping to reduce insulin requirements after meals. In turn, this improves blood sugar regulation and decreases the conversion of carbohydrates into fat, which helps solve a major problem for overweight individuals who typically exhibit insulin resistance. In conjunction with exercise, chromium enhances lean mass gains (elevating resting metabolism and improving body shape) by increasing muscle uptake of amino acids from the bloodstream.

Hydroxycitric acid, derived from the Garcinia Cambogia fruit, has been shown to block key liver enzymes that convert carbohydrates into fat, forcing higher amounts of glucose to be stored in the liver. This helps shut down appetite (natural appetite suppressant) and provides glycogen loading benefits for athletes.

Catechins, derived from decaffeinated green tea extract, have been shown to promote the release of fat into the bloodstream from fat cells, enabling muscles to burn fat more efficiently during physical activity. Evidence suggests that Catechins also speed up your metabolism via thermogenesis within brown fat. Many overweight individuals exhibit a resistance to fat burning, as the fat remains locked in fat cells, even when they exercise. Catechins help burn fat, shrinking fat cells and overcoming the genetic blockade that frustrates many well intended overweight exercise participants.

In addition, none of these fat metabolizing nutrients directly stimulate the central nervous system or have any dangerous ephedra-like side effects on the body.

Body Burn is the perfect supplement to complement diet and exercise programs for overweight individuals, as well as type 2 diabetics, individuals with metabolic syndrome (pre-diabetics) and athletes, who are working towards more lean mass, less body fat and improved glycogen replenishment from day-to-day. This product can be taken by insulin dependent diabetics, but these cases require blood sugar monitoring since this supplement may produce a requirement for a lower dosage of insulin

If you have been troubled by weight problems, blood sugar issues, or wish to enhance the effects of your work outs, ask your health practitioner if Adëeva Body Burn may be helpful in your case

For more information about Adëeva Body Burn
visit www.adeevainfo.com

Clinical Applications:

Weight Reduction and fat loss – 3 to 6 capsule/day (6 Cap. Max.)

Non insulin-dependent diabetes (glucose intolerance, metabolic syndrome) – 2 to 3 capsules/day

Insulin-dependent diabetes (insulin requirement may change and requires physician monitoring) – 2-3 capsules/day

Sports enhancement for lean mass gains and glycogen loading – 2-3 capsules/day

Active Ingredients

Guarcinia Cambogia (50% Hydroxycitric Acid)	1,500 mg
Catechins (from decaffeinated green tea extract)	600 mg
Chromium (chromium hvp/hap chelate)	200 mcg

Amounts for 3 capsules, 90 per bottle

Contraindications & Considerations

Conditions:

- Pregnancy
- Breast Feeding or Lactation
- Kidney Failure (Renal Failure)¹
- Received a transplant of any kind¹
- Diabetic taking insulin¹
- If kidney has been removed¹
- Kidney clearance problem (e.g., a dialysis patient)¹

Medication/Apparatus:

- Insulin¹
- Digitalis¹

¹Requires approval from specialist/physician
