

Adëeva™ Products

All-In-One Multi-Vitamin & Mineral

High Potency - B-50 complex, antioxidant enriched & 500 mg calcium

Nature's Essential Oils

Optimal blend of Omega essential fatty acids

Glucosamine Joint Formula

Fast-acting formula for Osteoarthritis and joint cartilage damage

Nature's Relief

Natural anti-inflammatory for joints, muscles and bursitis

Women's Hormonal Balance

Relief of Menopause symptoms, PMS, fibrocystic breast disease

Bone Support Formula

Prevention and Management of Osteoporosis

Prostate 40 Plus

Prevents/Reverses Prostate enlargement and supports prostate health

Body Burn

Fat Metabolizer for weight loss, athletic performance and blood sugar control

Immuno-Detox Prime

Strengthens the immune and detox systems

Flora-Essentials

Improves digestion and immune function

Cardio Essentials

CoQ10 and Hawthorn for heart health and blood pressure regulation

Thyro-Support Formula

Supports thyroid function and thyroid hormone therapy

Memory Support Complex

Supports memory and helps prevent age-related memory loss

SensaGen

Sexual enhancement for men and women

CholesterEx

Lowers cholesterol and triglycerides

UT-Clear

Prevents recurrence of urinary tract infections

Sleep-E Naturals

Natural sleep agent with brain protective nutrients

Ultimate Glutathione

Increase levels of glutathione for liver, kidney and immune support

MigranEx

Helps to reduce migraine attacks

Adrenal Support Formula

Anti-stress formula and adrenal support

Nature's Iron

High potency and bioavailable iron (45 mg) - non constipating

Orega Sept

Nature's antibiotic to help fight infections, acne and rosacea

Lean Mass Plus

High quality whey protein and fibre shake

Clinical Weight Loss Kit

Dr. Meschino's complete weight loss coaching system

Essential H.A.

Topical formula to reverse wrinkles, crows feet and fine lines

Stone Factors

For treatment and prevention of kidney and gallbladder stones

Creatine Plus

Powder-stir into juice for increased energy, strength, power

Adëeva Nutritionals Canada Inc.

Immuno-Detox Prime

*The Natural Choice of
Healthcare Professionals since 1996*

Immuno-Detox Prime

Essential immune and detoxification support for those 45 years of age. Ideal for patients with compromised immune systems, liver conditions and to ward off flu and colds.

Due to how the body's aging clock works, as we age our immune system is programmed to weaken, and the detoxification enzymes in our cells become less efficient. This double whammy contributes to increased risk of serious infections as we age, and a compromised ability to detoxify carcinogens and other toxins. Our immune system weakens due largely to shrinkage of the thymus gland, cumulative free radical damage, and other factors. The detoxification enzymes, primarily in our liver, that normally filter 2 quarts of blood per minute, become less efficient, allowing various cancer-causing agents to escape detoxification - which may help explain why the incidence of many cancers increases after 50.

The good news is that supplementation with targeted nutrients can restore our immune and detoxification function to a more youthful level of functioning.

Adëeva Immuno-Detox Prime Is Vital By Age 45-50

Adëeva Immuno-Detox Prime contains four natural agents that have been shown in human clinical studies to strengthen the immune system and speed up the body's ability to detoxify impurities, toxins and other potentially damaging chemicals that lead to degenerative illnesses. It is a vital supplement to take each day by age 45-50. It should also be part of the supplementation program for immune compromised patients, patients recovering from chemotherapy and radiation, patients with psoriasis, eczema, acne and other skin lesions aggravated by a build up of toxins, bacterial endotoxins, irritants or allergens. It is also beneficial for patients with recurring herpes infections and/or canker sores, patients with liver damage from alcohol, drugs or infections (e.g. hepatitis), and, as stated above, patients wishing to prevent the age-related decline in immune and detoxification function that occurs by age 45-50.

What Each Ingredient Does To Preserve Your Immune and Detox Function:

Milk thistle and Indole-3-carbinol -are proven to improve the action of detoxification enzymes, helping the body rid itself of toxins, carcinogens and other impurities.

The active ingredient in Milk Thistle (silymarin) has been shown to bolster detoxification enzyme function and helps to repair damaged liver cells, which are responsible for most of the body's detoxification activity. It also raises liver glutathione levels, a key liver detoxification agent and cellular antioxidant.

Indole-3-carbinol (derived from cruciferous vegetables) also increases detoxification enzyme activity and demonstrates other cancer protective properties in experimental and clinical studies.

Reishi Mushroom Extract and Astragalus - are the two most widely used immune modulators that have been tested in human clinical trials. They have both been shown to have a positive effect on bolstering immune function especially in immune compromised conditions, and have been shown to improve recovery from chemotherapy and radiation treatment.

Reishi Mushroom Extract, coined, "*the mushroom of immortality*" in Chinese Traditional Medicine, is known to increase secretion of key signaling agents that enhance the activity of immune cells. It also provides a direct killing action on certain viruses, including herpes viruses that cause both cold and canker sores.

The herb **Astragalus**, has also been shown to boost immune function and clinical evidence indicates that it can reduce the frequency of the common cold and increase the number of infection-fighting immune cells.

Clinical studies have shown that both Reishi Mushroom Extract and Astragalus can strengthen immune function even in individuals with certain health conditions where the immune system is weak or compromised.

Anti-Aging For Your Immune and Detoxification Systems

As we age the immune system becomes weaker and detoxification enzymes become sluggish. Thus, the ingredients in Immuno-Detox Prime can help you maintain more youthful functioning of these important systems, helping to guard against flu, other infections, and a host of serious, age-related degenerative conditions linked to cell damage and mutations

If you are over the age of 45, or have weakened immunity, ask your health practitioner if Adëeva Immuno-Detox Prime may be helpful in your case

For more information about Adëeva Immuno-Detox Prime visit www.adeevainfo.com

Clinical Applications:

Immune and detoxification support for individuals entering the age range of 45-50, which is the stage in life when these functions become sluggish predisposing to cancer and increased risk of virulent and life threatening infections (e.g. pneumonia)

To help ward off upper respiratory tract infections

To combat a weakened immune system (e.g. chronic fatigue, mono, post radiation treatment etc.)

Adjunctive nutritional support for Eczema, Psoriasis and Acne

Active Ingredients

Milk thistle (std. 80% silymarin)	300 mg
Indole-3-Carbinol (97% grade)	50 mg
Astragalus (2:1 grade)	200 mg
Reishi Mushroom Powdered Extract (std. 10% polysaccharides, 4% triterpenes)	60 mg

Amounts for 2 capsules, 60 per bottle

Contraindications & Considerations

Conditions:

- Pregnancy
- Breast Feeding or Lactation

Medication/Apparatus:

- Anti-coagulant therapy or drug such as Warfarin or Coumadin¹
- Immuno-Suppressive Drugs
- Hypoglycemic Drugs¹
- Antihypertensive drugs¹

¹ Monitor patient tolerance with supplementation
